

# **XVII. International Civil Protection and Emergency Management Conference February 16-17, 2023 Barcelona, Spain**

XVII. International Civil Protection and Emergency Management is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Humanities and Social Sciences.

Today more than ever before it is extremely important to stay abreast of the changing landscapes of the Humanities and Social Sciences world. The multidisciplinary focus of this event aims to bring together presenters and attendees from different fields with expertise in various areas of Humanities and Social Sciences, providing an excellent opportunity to participate in the international exchange of ideas, current strategies, concepts and best practices, collaborations, and cooperation, offering a broader perspective and more enriching experience.

The program includes time allocated for networking, peer-to-peer discussions, and exploring the host city.

We invite the participation of leading academic scientists, researchers and scholars in the domain of interest from around the world to submit original research contributions relating to all aspects of:

- Civil protection and defense
- Artificial intelligence and homeland security
- Bomb shelters/fallout shelters
- Disaster preparedness and mitigation
- Civil defense organizations
- Disaster situations and management
- Natural disasters
- Terrorist events
- Manmade events/accidents
- Water purification or storage
- Food storage
- Family emergency plan
- Sheltering
- Evacuation
- First aid
