# Coordination

## Existing models

# HUNGARY

## Disaster Management three „basic pillars”

- Hungarian State
- Ministry of the Interior - National Directorate General for Disaster Management, (NDGDM)
- Hungarian Citizens

(activities, legitimacy and permission, responsibilities)

## Legal aspect

**Act No. CXXVIII of 2011** concerning disaster management and amending certain related acts.

**Decree No. 234 of 2011 (XI. 10.) of the Government** implementing Act No. CXXVIII of 2011 concerning disaster management and amending certain related acts.

**This Act declares that disaster management is a national matter and it is duty of the State.** It is composed of eight chapters. This Act shall be applied, in order to prevent disasters in the territory of Hungary, to human activities threatening with disaster, in case of danger, disaster, and if prevention is necessary against the harmful effects of a disaster.

## Legal aspect

**Preventive status of a special legal order:**  
**Disaster risk**

**Special legal order:**

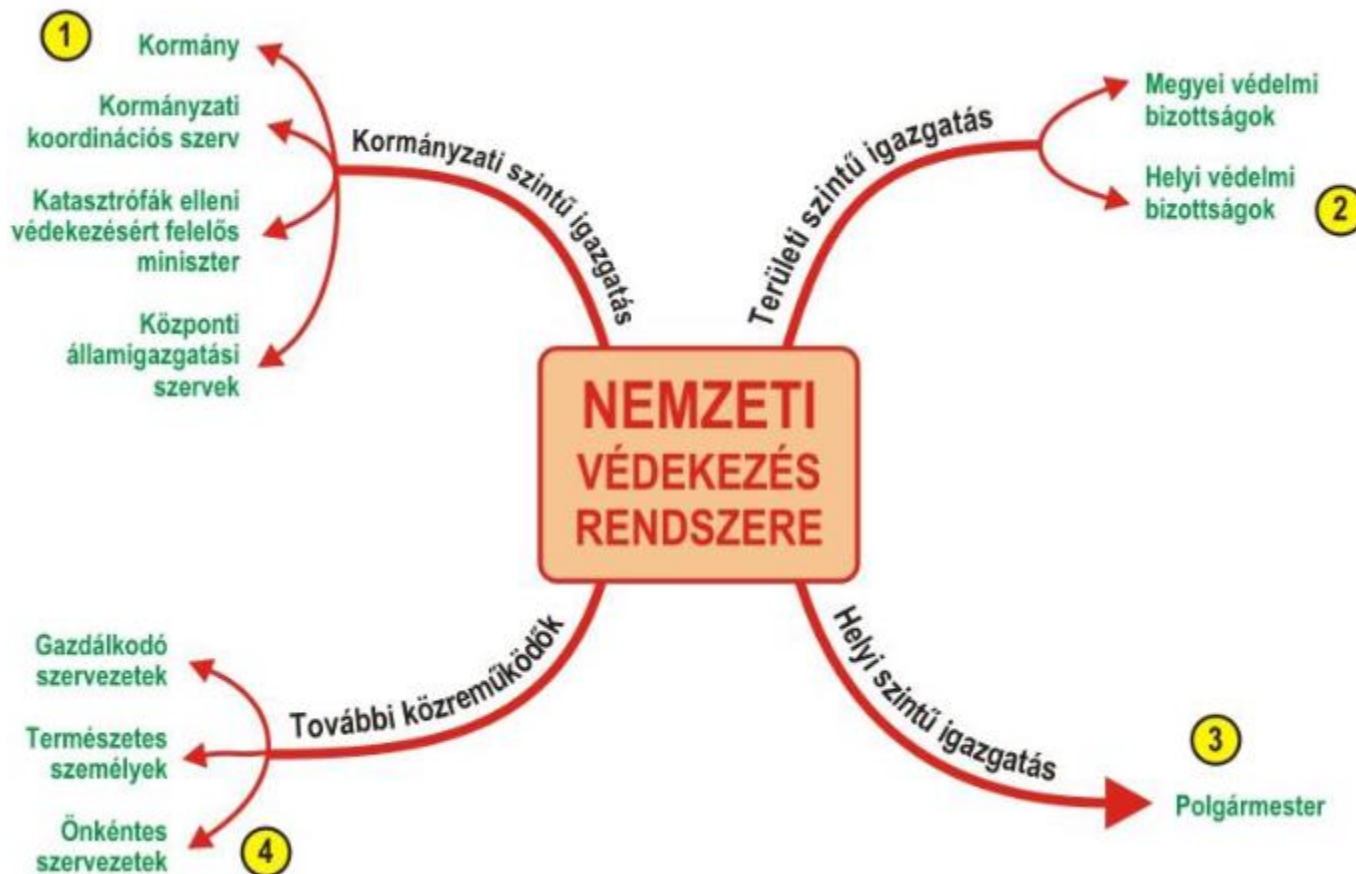

**State of emergency**

**Terrorist emergency**

**Preventive protection situation**

**Unexpected attack**

**Emergency phase**

# Government Coordination
